

REMARKS

First, Applicant directs the Examiner's attention to the Information Disclosure Statements filed on **February 20, 2004** and **December 20, 2005**, and respectfully requests the Examiner, the Examiner's next communication to acknowledge receipt and consideration of the Statements by returning, with the Examiner's next communication, initialed copies of the Form PTO/SB/08 A & B attached to these Statements. Also, see the "Request for..." filed **November 22, 2005**.

Applicant respectfully traverses the rejection under 35 U.S.C. § 112, second paragraph, in view of the above amended and new claims which correct the allegedly indefinite phrases identified by the Examiner. Per the Examiner's instruction, Applicant also reviewed the language of the claims but did not find that they are "replete with grammatical...errors"; however, the above amended and new claims have improved syntax and employ American English idiom.

Applicant does not understand exactly what the Examiner means by "make sure the language of each claim meets "current U.S. practice", but Applicant's undersigned attorney respectfully submits that the presently pending claims meets such "practice", reminding the Examiner that the MPEP permits the steps of a method claim to be written either in the active or the passive verb voices, and requires examination of the subject matter of claims to avoid "piecemeal examination" even though the claims are rejected under 35 U.S.C. § 112, second paragraph, based on alleged indefiniteness.

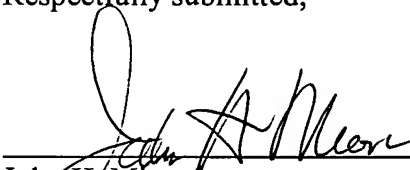

AMENDMENT UNDER 37 C.F.R. § 1.111
U.S. APPLN. NO. 10/728,091
